MINO-691 - Quay Street Traffic Movements & State Highway 25 (SH25) Speed Limit

20 April 2023

Advise if Waka Kotahi NZ Transport Agency has received advice from Auckland Transport on Quay Street traffic movements since the layout was changed in 2022. Additionally advise if there are plans to reduce speeds on SH25 north of Thames.

Quay Street Traffic Movements:

- Waka Kotahi has not received any advice from Auckland Transport on traffic volumes on Quay Street.

SH25 Speed Limit:

- There are not currently any plans to change the speed limit on SH25 on the Interim State Highway Speed Management Plan (ISMP).
- Waka Kotahi will be working closely with local government, road safety partners, and the community to identify roads to be included in the 2024-2027 regional state highway speed management plan, and SH25 between Thames and Coromandel will be considered.
- State Highway 25A was consulted as part of the interim SH SMP. This will be considered in context of the government's recent announcement on focusing on the top one percent and areas where there has been demand.
