

We're keen to understand your views on the safety of State Highway 30 (SH30), from Owhata to Te Ngae Junction and need your help to do this. We are interested to know what it is about this stretch of road that you feel is unsafe, and what we could do to make it safer.

Feedback form

1. What do you believe are the main road safety risks for people who use SH30, between Owhata and the Te Ngae Junction, including the SH30/SH33 intersection?

.....
.....
.....
.....

2. There are a range of possible safety treatments being considered to make your road safer.

- What do you think about:

a) **Creating a more forgiving roadside** by installing roadside safety barriers where there are hazards such as drop-offs, trees, poles etc.

.....
.....
.....

b) **Giving you more room to recover** by widening the road shoulder.

.....
.....
.....

c) **Warning drivers** who might be fatigued or distracted by installing rumble strips on centre-lines and edges.

.....
.....
.....

Thanks for your feedback. Please share your views by 31 May 2017

a) Leave your form in the box provided

b) Post it to:
