

CHANGES TO THE SPECIFICATION FOR SEALING CHIP

The major changes in the 2011 edition of the Sealing Chip specification are:

- Issue of *Amendment to Specification for Sealing Chip for use with Melter Slag from New Zealand Steel*, included as an attachment to the specification.

The minor and editorial changes in this 2011 edition of the Sealing Chip specification are:

- Clauses 2 and 5: Changed reference to Rooding New Zealand guidelines *Quality Assurance of Aggregates for Roads RNZ 9805:2009 (RNZ 9805)* (was previously "New Zealand Pavement and Bitumen Contractors Association (BCA) Guidelines: *Quality Assurance of Aggregates for Chipseals and Bituminous Mixes (BCA 9805)*").
- Clause 3.5 Changed reference to *NZTA T10 Specification for State Highway Skid Resistance Management* (was previously *Transit New Zealand T/10 Specification for Skid Resistance Investigation and Treatment Selection*).
- Clause 3.5 Changed PSV test to BS EN 1097-8:2009 (which has superseded BS 812: Part 114).

CHANGES TO THE NOTES TO M/6 SPECIFICATION FOR SEALING CHIP

The major changes in this 2011 edition of the Notes to the Sealing Chip specification are:

- New clause 9: Notes to the *Amendment to Specification for Sealing Chip for use with Melter Slag from New Zealand Steel*.

The minor and editorial changes in this 2011 edition of the Notes to the Sealing Chip specification are:

- Clause 2: Changed Transit New Zealand to NZTA; changed TNZ M/6 to NZTA M6 (also in clause 5).
- Clause 3: Changed reference to Rooding New Zealand guidelines *Quality Assurance of Aggregates for Roads RNZ 9805:2009 (RNZ 9805)* (was previously "New Zealand Pavement and Bitumen Contractors Association (BCA) Guidelines: *Quality Assurance of Aggregates for Chipseals and Bituminous Mixes (BCA 9805)*"); updated references to clauses in *RNZ 9805*.
- Clause 6: Changed reference to *NZTA T10 Specification for State Highway Skid Resistance Management* (was previously *Transit New Zealand T/10 Specification for Skid Resistance Investigation and Treatment Selection*).
- Clause 6: Inserted reference to T10 Notes.
- Clause 6: Deleted list of PSV testing agencies and added instructions on how to find IANZ accredited PSV testing agencies on the IANZ website.
