

Singapore emissions exemptions

The following is a list of vehicles that, if sourced from the Singapore market, are eligible for an exemption from the Land Transport Rule: Vehicle Exhaust Emissions 2007 as they are recognised as meeting the requirements of a Euro 3 emissions standard.

In order to be considered for an exemption you must first fill out an *Application for an exemption from Land Transport vehicle Rules* form in full and return it to one of the addresses provided.

The form is available here: <http://www.nzta.govt.nz/resources/app-exemption-from-vehicle-rules/index.html>.

Along with your application form you will need to provide:

- a copy of the Singapore LTA technical letter, or
- a photo of the vehicle's European Whole Vehicle Approval plate, and
- a copy of the Singapore deregistration certificate.

All documents supplied must link back to the vehicle you are trying to exempt.

Note: Vehicles must comply with all other necessary requirements, including frontal impact.

Make	Model	Result	Singapore type approval date
BMW	M5	✓	28-Sep-99
