

50MAX UPDATES

June 2015

Kaipara District Council are the latest council to join the 50MAX Network

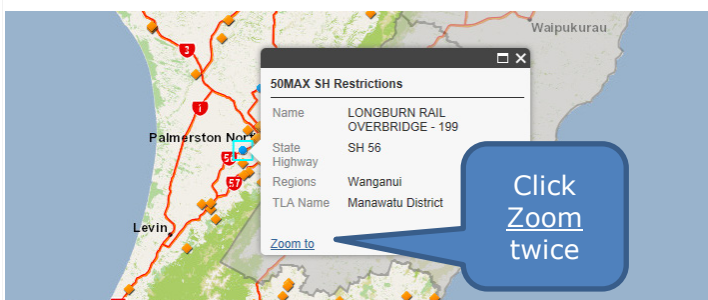

Kaipara District Council has signed up this month, which takes the number of councils signed up to allow the Transport Agency to permit on their behalf to 52. This means 78% of councils are now part of the network **and** we already have two more councils ready to come on line in July 1 2015, which will take participation to over 80% - a real tipping point!

On another note... Some of you have told us that road name information doesn't appear to be available on the interactive 50MAX web map to help you plan your routes. The good news is the information has always been there, however you will need to zoom in close enough to enable the information to show.

An easy way of doing this is to click on a restricted bridge in the area you are looking, and click on the zoom option positioned in the bottom left hand corner of the pop up box. Repeat this a second time when the map has completed the zoom process and you will be able to find road names to help plan a route.

Another method is to use the "Find address or place" option at the top of the map and enter the address you are looking for.

Lastly, a reminder to check the details on your permit(s) is correct and accurate when you receive them. If anything is incorrect we are happy to correct it as quickly as possible – just contact the 50MAX team by emailing info50MAX@nzta.govt.nz or calling 0800 699 000.

Local authorities that have opened their networks to 50MAX via our permits are:

50MAX Road Controlling Authority	Release Month	50MAX Road Controlling Authority	Release Month
Kawerau	Sep-13	Central Otago	Mar-14
Rotorua	Sep-13	South Wairarapa	Mar-14
