Addendum for HPMV, 50MAX and Overweight Permits

SH1 Waikato Expressway – Hamilton Section

In advance of the opening of the Waikato Expressway Hamilton Section, changes are being made to the State Highway referencing system, as per the following table.

	Existing State Highway 1N through Hamilton	New Waikato expressway route
New State Highway name	SH1C	SH1N

SH1C intersects with the New Waikato Expressway (SH1N) at the following RP/RS's:

Beginning of SH1C	Intersection with SH1N 534/0.05
End of SH1C	Intersection with SH1N 557/1.24

Please note the following information is only valid upon the official opening of the new section of the SH1 Waikato Expressway – Hamilton section. This opening date has yet to be confirmed.

For more information on the project go to:

[Hamilton | Waka Kotahi NZ Transport Agency \(nzta.govt.nz\)](https://www.nzta.govt.nz/hamilton)

HPMV Permits

This permit addendum authorises holders of current Waka Kotahi issued HPMV and 50MAX permits to access the new expressway, including all interchanges passing over the expressway. It does not authorize travel on adjoining local roads.

HPMV permit holders may also continue to use travel the existing State Highway 1N (new name SH1C).

Overweight Vehicle Permits

To provide existing permit holders access to the new route, Waka Kotahi has determined that holders of overweight vehicle permits with **VAI less than 1.30*** and **Gross Mass less than 60,000kg*** are permitted to travel the new route with no speed or position restrictions. This includes access to all interchanges passing over the expressway. Vehicles exceeding these limits will require a new permit.

* These limits may be increased subject to an ongoing review of permit crossing conditions on the new highway.

Overweight vehicle permit holders may also continue to use existing permits on the existing State Highway 1N (new name SH1C).
