

26 February 2020

Attention: State Highway Overweight Permit Holders

Completion of the Whirokino Trestle and Manawatu River Bridge replacement project means the following bridges have been added to SH1:

Highway	RP	BSN	Bridge Name
SH1N	954/11.62	9657	Moutoa Floodway Bridge
SH1N	954/12.55	9666	Agricultural Underpass
SH1N	954/12.92	9676	Manawatu River Bridge

These bridges come into service on **27 February 2020**.

All vehicles with existing NZTA issued Overweight permits for travel on the above section of SH1, wishing to travel after these bridges come into service are permitted to cross the above new structures with **no restriction**.

All existing travel and/or speed restrictions on the existing Whirokino Trestle Bridge (RP 954/11.72, BSN 9657) and Manawatu River (Whirokino) Bridge (RP 954/12.97, BSN 9670) remain in place until notified otherwise.
