Attention: All Northland State Highway HPMV Permit Holders

HPMV Access Temporarily Granted: SH10, Northland

Due to the full closure through the Mangamuka gorge on SH1N, a detour has been established via SH10 for all HPMVs until further notice.

HPMVs are temporarily permitted to travel from Pakaraka to Kaitiāia. Vehicles with current HPMV permits granting access over **SH10 BSN886 Parapara Bridge No.251**, 6km North-West of Taipa at RS/RP 79/9.58, will be allowed access over all of SH10.

Note that this may result in lower weights than previously permitted on SH1N, and Waka Kotahi NZ Transport Agency apologises for the inconvenience.

Current holders of Waka Kotahi 50MAX and Overweight vehicles permits are unaffected.

Thank you for your co-operation.
