What happens now?

Moving forward, the next email you'll receive will be from NX2 with more information about what's happening this summer in the project area.

If you have chosen to receive email updates about the Pūhoi to Warkworth project, your email address has been supplied to NX2 so you don't need to do anything. NX2's email newsletter will have the option for you to unsubscribe or to update your contact details, if you wish to do so.

New contact details

Under the PPP Contract, NX2 is responsible for delivering all community engagement for the project. The Transport Agency will continue to have oversight of the project through management of the PPP contract.
