North Harbour BMX

North Harbour BMX is the first of three world class facilities which are being relocated and improved as part of the NZ Transport Agency’s Northern Corridor Improvements project.

It features New Zealand’s first international standard BMX track, as part of the new North Harbour BMX facility in Albany.

It is an asset that the community will be able to enjoy, as well as attracting international and national BMX competitors and events to the area.

The new facility will benefit local youth and sits next to a popular skate park and basketball court near the QBE Stadium.

Key features:

- Amateur track with 5 metre ramp
- Pro track with 8 metre ramp and berm jump
- Covered start ramp
- Tracks coated by Sic Surface – an all weather surface
- Flood lighting for after hours racing
- New PA system
- Canteen and deck area
