Key topics

The main purpose for this month’s event was to celebrate the opening of the Tirohanga Whānui bridge. This is a key milestone for the Northern Corridor Improvements project.

Two existing information posters about What’s Planned and the nearby Albany Station were on display for attendees to peruse during the event. A [poster](#) specifically for Tirohanga Whānui was produced to reiterate its importance to the North Harbour community and the unique features of the bridge.

Notification of the event

An email invite was sent to 120 people who have been involved in the project in the design, consenting and construction phase.

Feedback

General feedback from attendees was overwhelmingly positive. Members of Bike Auckland, Bike Albany and the community were pleased that the bridge is open as it will be a key connection for people living and working in the area. Attendees were impressed by the design, the lighting and the aesthetics but equally the function of the bridge in that it provides transport and water infrastructure for the wider community.

Key social impacts and future project mitigation recommendations for project team

No social impacts and mitigation recommendations were identified as a result of the event.

Event Invite

TIROHANGA WHĀNUI BRIDGE OPENING

You are invited to join the NZ Transport Agency and Watercare to celebrate the opening of the new Tirohanga Whānui Bridge, as part of the Northern Corridor Improvements project.

The walking and cycling bridge includes a new watermain which has been installed directly underneath the bridge, to help cater for the growing needs of the area.

The bridge provides a much needed transport and water infrastructure upgrade for the North Harbour community, on behalf of the New Zealand Government and Auckland Council.
