We’re starting from the very beginning and wanting you involved. What today is about is to get your views on the concepts we’ve created and how you think these connections will work in your community as part of this investigation phase for the Northern Corridor Improvements.

These concepts have not been designed, engineered or developed in any way. We first want to get your thoughts and views on them and then move onto developing them further.

---

**THE INVESTIGATION PHASE PROCESS**

**JUL 2014**
Investigation phase commences

**AUG 2014 – SEP 2014**
Long list of concepts developed

**SEP 2014 – OCT 2014**
Assessment criteria developed to filter long list to shortlisted concepts
