

Cambridge to Piarere

Safety Improvements at Hydro Road

The intersection of SH1 and Hydro Road will have turning restrictions **from 19 June 2023** while a turnaround is constructed at the intersection. There will be no right turn in and out of Hydro Road during construction. Work is expected to take up to eight weeks and is subject to weather. Please use alternate routes and allow more time for your journeys.

Thank you for your patience while we work to make SH1 safer for everyone.
