

Weekly update

what you will see on site

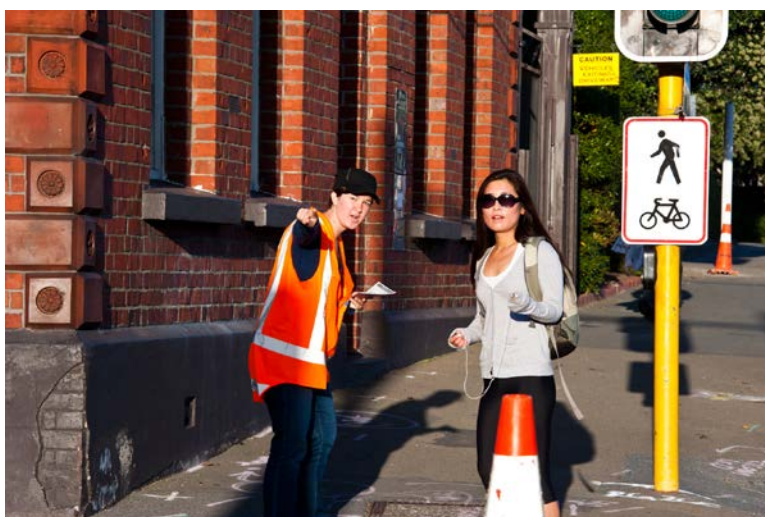

25 January 2013

Interim diversion road opens

Following the completion of the final checks and inspections the road opened at 3am on Friday 25th January, as promised.

The 25th brought a bright sunny morning for our band of enthusiastic 'Ask me' advisers who greeted the first motorists, cyclists and pedestrians to use the road and shared pathways.

The construction team deliver

The on site team completed the interim diversion road as promised to enable the project to progress to a challenging schedule.

The week ahead

Work will continue to prepare the site for phase two - 'digging the trench'.

Work will include improvements to crossings, junctions and fencing. The site will be prepared for the heavy machinery which will arrive in the coming month.
