

Ways to Pay

Choose a payment option that suits you

You can set up an account and have all your tolls paid automatically or you can pay as you go.

No Toll Booths

Easy Online Payment

Save Time

Pay by Account

This is the most convenient way to pay your toll and covers travel on all of the toll roads. There are three account options to choose from.

- **Set & Go**

Automatically tops you up so you don't have to. Your account will automatically top up with your chosen amount from your debit/credit card or by direct debit when your balance falls below the minimum amount.

- **Remind Me**

Reminds you to top up when your account is low. You will be sent an email* when your account balance falls below the minimum amount. You choose when and how to top it up.

*You will only receive a reminder email if you provide a valid email address when creating the account.

- **Bill Me**

Monthly billing for commercial organisations. Travel on any New Zealand toll road as many times as you like and you'll be sent an invoice at the end of each month. Payment is by direct debit on the 20th of the following month or the first working day thereafter.

Pay as you Go

Paying as you go is suitable for casual or infrequent users of the toll roads.

- **Pay & Go**

You can buy your toll or multiple tolls on a single toll road per vehicle by going online or into selected service stations*. Go to www.tollroad.govt.nz to find out which service stations.

* Transaction fees apply. A toll is for travel in one direction on a toll road. Please pay within 5 working days.
