

Southern end of Transmission Gully

The new motorway connects with the existing SH1 (Johnsonville-Porirua Motorway) at Linden. Motorists travelling north can use the left or centre lane to continue on SH1 via Transmission Gully, or the centre or right lane to continue on the 'old SH1' - renamed and signed as SH59. Motorists travelling to Porirua City Centre or Plimmerton, should use their usual route - such as the off-ramp at Mungavin Avenue. Motorists travelling to Whitby, Waitangirua, SH58, or Kāpiti should use the new motorway.
