

Completing the Western Ring Route, Auckland

NORTHWESTERN MOTORWAY (SH16) IMPROVEMENTS

Comprehensive capacity and safety improvements are planned for the Northwestern Motorway between Great North Road Interchange and Royal Road Interchange.

SH16 NOW

SH16 FUTURE

- 2 Lanes
- 3 Lanes
- 4 Lanes
- 5 Lanes

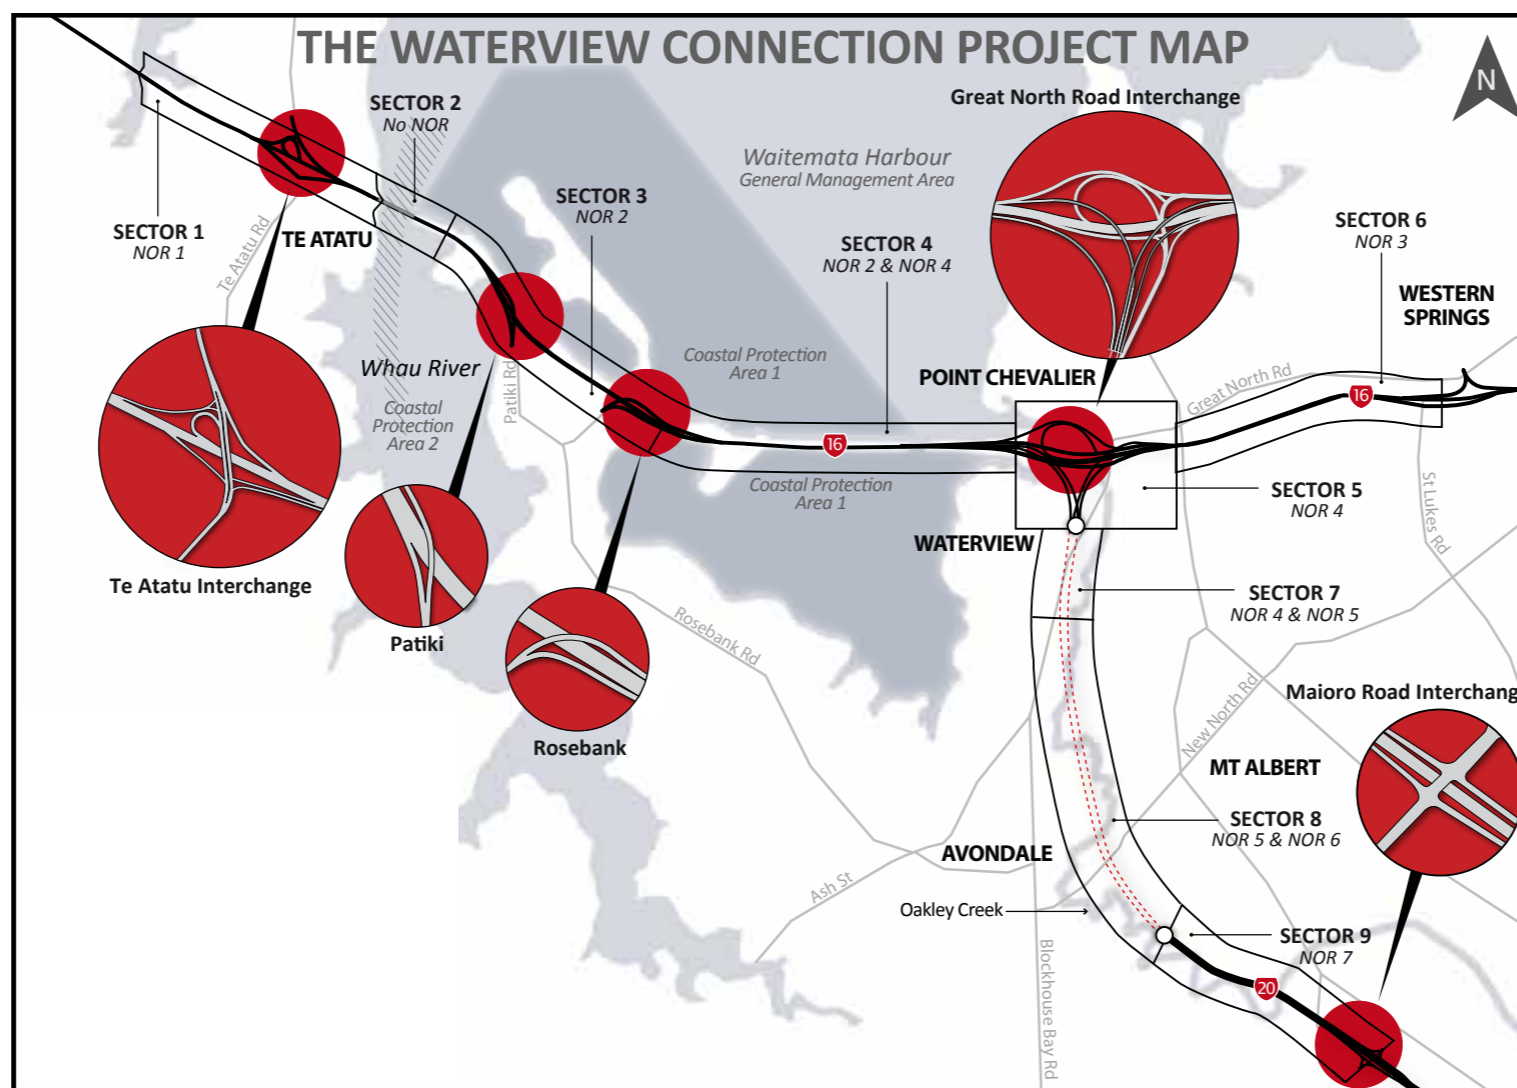

Completing the Western Ring Route, Auckland

OTHER WESTERN RING ROUTE INTERCHANGES

SH16 Te Atatu Road Interchange

- Widening and improving the interchange to increase safety
- Adding bus shoulders to SH16 for quicker bus trips during peak periods
- Rebuilding and improving the pedestrian underpass
- Lowering the motorway to give freight better clearance under Te Atatu Road Bridge
- Enlarging and rebuilding all four motorway ramps
- Changing the layout to improve safety
- Improvements to existing cycle facilities on Te Atatu Road
- Widening Te Atatu Road north of Royal View Road to give an additional lane in each direction

SH16 Great North Road Interchange

- New interchange built to connect the SH16 Northwestern Motorway and SH20 Waterview Connection
- Ramps connecting the two motorways will be built at surface or on viaducts
- Traffic from the CBD or the west will be able to travel from the Northwestern Motorway directly on to SH20
- Construction is expected to take approximately two years

SH20 Maioro Street Interchange

- Maioro Street extended to Stoddard Road to provide a local pedestrian and road connection between New Windsor and Mt Roskill/Wesley
- New motorway overbridge and four ramps built to create a full diamond interchange
- This will provide access on and off the motorway for the residents of New Windsor and Mt Roskill

Completing the Western Ring Route, Auckland

LINCOLN ROAD INTERCHANGE IMPROVEMENTS

New Interchange

Existing Interchange

Benefits

- Improved capacity and traffic flow through the interchange
- Further lanes on SH16 will unlock capacity
- New ramps for safer entry and exit of the motorway
- The improvements will support planned economic growth as part of the Western Ring Route - Road of National Significance
