

# GIF image instructions

Follow these instructions to get a GIF image of a particular sign (eg to use in a traffic management diagram).

## Step 1

Navigate to the **Signs used for temporary traffic management** section of the CoPTTM page on the NZTA website

## Step 2

Click the [Traffic sign specifications](#) link to go to the Traffic control devices manual.

## Step 3

Ensure the **Filter by:** fields are set to **All categories** and **All sub-categories**

Enter the sign number (new or old) or sign name into the **Search** field.

Click the **Search** button to begin the search.

The screenshot shows the NZ Transport Agency website's 'Sign Specifications' page. The page features a search bar and filter options. The search bar contains the text 'What are you looking for?' and a 'Search' button. The filter options are 'Filter by:' with four dropdown menus, all set to 'All categories' or 'All sub-categories'. Below the search bar, the results for an empty search are shown, displaying a table with columns for Code, Rule, MoTSaM, Title, and Last updated. The table shows two rows of results: RS3 (Speed Limit Derestriction) and RP4 (Priority hand-held Stop).

Code	Rule	MoTSaM	Title	Last updated
RS3	R1-3	RG-2.1	Speed Limit Derestriction	5 June 2015
RP4	R2-5	TW-33	Priority hand-held Stop	5 June 2015

## Step 4

Click the appropriate sign in the search result screen.

The screenshot shows the NZ Transport Agency website interface. At the top, there is a search bar with the text "What are you looking for?" and a "Menu" button. Below the search bar, the breadcrumb trail reads "Home > Resources > Traffic control devices manual (TCD manual) >". The main heading is "Sign Specifications".

Under "Filter by:", there are four dropdown menus, all set to "All sub-categories". Below the filters is a search input field containing "T1A" and a "Search" button.

The results section is titled "Results for 'T1A'" and indicates "Displaying Page 1 of 1". A table lists the search results:

Code	Rule	MoTSaM	Title	Last updated
T1A	W1-1	TW-1a	Road workers standard	6 August 2015

The table row for "T1A" is highlighted with a red border.

## Step 5

The sign specifications are shown.

The screenshot shows the sign specifications page for "Road workers standard — sign". At the top, it says "All dimensions are in millimeters unless otherwise specified". Below this is a diamond-shaped sign with an orange background and a black silhouette of a road worker using a shovel. The sign is surrounded by dimension lines indicating its size.

Below the sign image is a "Details" table:

Code	T1A
Rule	W1-1
MoTSaM	TW-1a
EPS image	<a href="#">Road workers standard — 436 KB</a>
Non-labelled image	<a href="#">Road workers standard — 6.4 KB</a>
Last updated	6 August 2015

## Step 6

Go to the **Non-labeled image** field in the first block of specifications and click the link to display the GIF image.

Details	
Code	T1A
Rule	W1-1
MoTSaM	TW-1a
EPS image	<a href="#">Road workers standard — 426 KB</a>
<b>Non-labeled image</b>	<a href="#">Road workers standard — 6.4 KB</a>
Last updated	6 August 2015

## Step 7

When the GIF image displays, right click on the image and select **Save image as...** in the drop down menu to save the image to your local drive.
