Objective of the Rule

Land Transport Rule: Vehicle Lighting Amendment 2015 (the amendment Rule) amends Land Transport Rule: Vehicle Lighting 2004 (the Vehicle Lighting Rule). The Vehicle Lighting Rule specifies safety requirements and standards for lighting equipment that is fitted to a vehicle, to enable it to be operated safely under all driving conditions and not endanger the safety of other road users.

The objective of the amendment Rule is to:

- replace a reference to Land Transport New Zealand with a reference to the New Zealand Transport Agency;
- clarify that forward-facing side-marker lamps fitted to vehicles manufactured on or after 1 January 2006 must emit light that is substantially amber;
- amend the description of the width of a heavy motor vehicle in relation to end-outline marker lamps so that it aligns with other similar descriptions in the Vehicle Lighting Rule and overseas standards.

Extent of consultation

For the purposes of consultation, amendments proposed to the Vehicle Lighting Rule and two other Land Transport Rules were combined into a single Rule, Land Transport Rule: Omnibus Amendment 2015 (the Omnibus Amendment Rule). Following consultation, the provisions in the Omnibus Amendment Rule were split into three separate amendment Rules.

The NZ Transport Agency sent details of the amendment proposals by letter or email to approximately 1405 groups and individuals who had registered an interest in the Rules to be amended.
The Omnibus Amendment Rule was made available through the NZ Transport Agency’s Contact Centre and, together with Questions and Answers, was also available on the NZ Transport Agency’s website. The availability of the amendment proposals for comment was publicised in the daily newspapers in Auckland, Hamilton, Wellington, Christchurch and Dunedin and in the *New Zealand Gazette*.

The NZ Transport Agency received 12 submissions on the Omnibus Amendment Rule, of which five commented on the proposed amendments to the Vehicle Lighting Rule. The submissions received were taken into account in finalising the amendment Rule following which it was submitted to the Associate Minister of Transport for signing.
