Objective of the Rule

Land Transport Rule: Glazing, Windscreen Wipe and Wash, and Mirrors Amendment 2007 amends Land Transport Rule: Glazing, Windscreen Wipe and Wash, and Mirrors 1999, which sets out fitting requirements and standards for glazing, windscreen wipe systems and windscreen wash systems, and rear-view mirrors.

The objectives of this amendment to Land Transport Rule: Glazing, Windscreen Wipe and Wash, and Mirrors 1999 are:

• to remove the requirement for agricultural vehicles to have a laminated windscreen;
• to clarify that scratches or other defects, discoloration of a laminated windscreen or bubbling or other defects in overlays must not unreasonably impair a driver’s vision;
• to update terminology so that it is consistent with Land Transport Rule: Vehicle Standards Compliance 2002;
• to amend definitions.

Extent of consultation

For the purposes of consultation, a number of relatively minor amendments proposed to Land Transport Rule: Glazing, Windscreen Wipe and Wash, and Mirrors 1999 and 10 other Land Transport Rules were combined into a single draft Rule, Land Transport Rule: Omnibus Amendment 2006 (the Omnibus Amendment Rule). The main purpose of the changes proposed by the Omnibus Amendment Rule was to clarify provisions and correct some errors in Rules.

On 28 June 2006, Land Transport New Zealand sent a letter containing the Rule amendment proposals to about 2200 groups and individuals who had registered an interest in the Rules to be amended, and sought submissions on the proposed changes. The draft Omnibus Amendment Rule was made available through the Land Transport NZ Help Desk and was available together with Questions and Answers on the Land Transport NZ website. The
availability of the draft was publicised in the five metropolitan daily newspapers and in selected regional daily newspapers, Te Karere National News and the New Zealand Gazette. Land Transport NZ received 50 submissions on the draft Omnibus Amendment Rule, of which five commented on the proposed requirements relating to this Rule.

Following consultation, the provisions in the draft Omnibus Amendment Rule were split into 11 separate amendment Rules, including this Rule. The submissions that were received were taken into account in drafting this amendment Rule before it was submitted to the Minister for Transport Safety for signing.
