PURSUANT to sections 152 and 157(g) of the Land Transport Act 1998, and after having had regard to the criteria specified in section 164(2) of that Act

I, Julie Anne Genter, Associate Minister of Transport,

make the following ordinary Rule:

Land Transport Rule: Traffic Control Devices Amendment 2019

SIGNED AT Wellington

This 10th day of April 2019

Hon Julie Anne Genter
Associate Minister of Transport

Land Transport Rule
Traffic Control Devices Amendment 2019
Rule 54002/2004/12

## Part 2 Schedules

| Schedule 1 Amendments to Schedule 1 of Land Transport Rule: Traffic Control Devices 2004 | 10 |
| Schedule 2 New items inserted in Schedule 2 of Land Transport Rule: Traffic Control Devices 2004 | 64 |
Objective of the Rule

**Land Transport Rule: Traffic Control Devices Amendment 2019** (the amendment Rule) amends **Land Transport Rule: Traffic Control Devices 2004** (the Traffic Control Devices Rule). The Traffic Control Devices Rule specifies the requirements for the design, construction, installation, operation, and maintenance of traffic control devices, and sets out the functions and responsibilities of road controlling authorities in providing traffic control devices to give effect to their decisions on the control of traffic.

The objectives of the amendment Rule are to:

- update a reference to section 8 of **Land Transport Rule: Setting of Speed Limits 2003** with a reference to section 9 of **Land Transport Rule: Setting of Speed Limits 2017**:
- clarify that the lines guiding pedestrians at pedestrian traffic signals must be white and 100 mm in width:
- allow for school patrol signs to be stored at a school crossing point, provided that they cannot be seen by oncoming motorists when they are not in use:
- enable either signs or markings to be installed to identify shared paths for cyclists and pedestrians:
- replace clause 11.7 (relating to hand-held stop signs) with a new clause 11.7 allowing for stop signs that are manually controlled by a person, but not physically held by that individual:
- repair an inconsistency in the Rule by clarifying that barrier arms at level crossings must consist of red and white alternate bands:
- change the operation of parking zone controls so that road controlling authorities can use the mechanism for areas such as carparks, provided it will be clear to persons using vehicles that the parking control applies:
- allow parking zone controls to have a time limit restriction only:
- provide for bus stops up to 30 m in length to be delineated by a marked outline and a single sign, rather than the 2 signs required currently:
- in the definition of **traffic sign**, replace a reference to a hand-held stop sign with manually-controlled stop sign:
- insert a definition of **bus-only lane**, clarifying that only buses can use such lanes, and not cycles, mopeds, or motorcycles:
- insert a definition of **heavy vehicle lane**, clarifying that only heavy vehicles can use such lanes, and not cycles, mopeds, or motorcycles:
- revoke the sign related to limited speed zones (which no longer exist in law):
- clarify that only one vehicle per lane or line of traffic may proceed during each green phase of a ramp signal display:
• clarify that an emergency stopping lane may be used either by people wanting to stop in an emergency and by people in a particular class or classes of vehicle, as indicated by the sign:
• provide that small passenger service vehicle stands may continue to display “taxi stand” signs, recognising that “taxi” is a better-understood term than “small passenger service vehicle” or “SPSV”:
• update the specifications of a number of road signs in Schedule 1 of the Rule:
• add new signs into Schedule 1 of the Rule:
• add new markings into Schedule 2 of the Rule.

Extent of consultation

For the purposes of consultation, amendments proposed to the Traffic Control Devices Rule and 14 other Land Transport Rules were combined into a single Rule, Land Transport Rule: Regulatory Stewardship (Omnibus) Amendment 2018 (the Omnibus Amendment Rule). Following consultation, the provisions in the Omnibus Amendment Rule were split into separate amendment Rules.

The NZ Transport Agency sent details of the amendment proposals by letter or email to approximately 2544 groups and individuals who had registered an interest in the Rules to be amended. The Omnibus Amendment Rule was made available through the NZ Transport Agency’s Contact Centre and, together with Questions and Answers, was also available on the NZ Transport Agency’s website. The availability of the amendment proposals for comment was publicised in the daily newspapers in Auckland, Hamilton, Wellington, Christchurch and Dunedin. It was also notified in the New Zealand Gazette on 23 July 2018.

The NZ Transport Agency received 41 submissions on the Omnibus Amendment Rule, of which 21 commented on the proposed amendments to the Traffic Control Devices Rule.

The submissions received were taken into account in finalising the draft Rule following which it was submitted to the Associate Minister of Transport for signing.
Part 1
Rule requirements

Section 1 Preliminary provisions

1.1 Title
This Rule is Land Transport Rule: Traffic Control Devices Amendment 2019.

1.2 Commencement
This Rule comes into force on 1 June 2019.

1.3 Principal Rule amended
This Rule amends Land Transport Rule: Traffic Control Devices 2004.

Section 2 Amendments to principal Rule

2.1 Clause 4.2 amended (Provision of traffic signs)
Clause 4.2(1) is amended by replacing “section 8 of Land Transport Rule: Setting of Speed Limits 2003” with “section 9 of Land Transport Rule: Setting of Speed Limits 2017”.

2.2 Clause 6.3 amended (General requirements for traffic signals)
Replace clause 6.3(3)(b) with:

(b) white lines at least 100 mm wide to guide pedestrians at pedestrian traffic signals, in accordance with 8.5.

2.3 Clause 6.4 amended (Steady vehicle displays in the form of a continuous display)
In clause 6.4(10)(a), after “straight ahead”, insert “from the bus lane”.

2.4 Clause 8.4 amended (School crossing points)
Replace clause 8.4(7) with:

8.4(7) Unless 8.4(8) applies, all “School Patrol” signs and “Children” flag signs must be removed from a school crossing point when a school patrol is not operating.
8.4(8) “School Patrol” signs and “Children” flag signs may be stored at a school crossing point in storage devices that must—

(a) be designed to enclose the circular panel of a school patrol stop sign so that it is not readily visible when inside the storage device; and

(b) be white or grey in colour, with white or grey fittings, except that the surfaces of the storage device facing the footpath or the roadway may display a road safety message for pedestrians, providing that the message is not readily visible or distracting to vehicular traffic approaching the school crossing point; and

(c) unless the school patrol stop sign handle is white, shield the handle of the school patrol stop sign so that no black and white bands are visible when the school patrol sign is inside the storage device; and

(d) be oriented to present the smallest possible dimensions to vehicular traffic approaching the school crossing point.

8.4(9) A school patrol sign storage device that complies with 8.4(8)—

(a) may also be used to store the fluorescent “Children” flag signs if the signs are not readily visible when stored; and

(b) may be mounted on the white pole used to hinge the school patrol stop sign at a school crossing point.

2.5 Clause 11.4 amended (Facilities for cycles, wheeled recreational devices and mobility devices)

2.5(1) Replace clause 11.4(1) with:

11.4(1) For a shared path used by cycles, a road controlling authority—

(a) must install appropriate signs or markings that comply with Schedule 1 or Schedule 2, defining the class or classes of path user—

(i) at the start of the shared path; and

(ii) after each roadway or any other pathway with which it intersects; and

(b) must install signs or markings advising users that the shared path ends, unless signs or markings are installed to advise who may use any path that continues beyond the end of the shared path; and

(c) may install signs or markings at other intervals along the shared path.
Replace clause 11.4(2) with:

If pedestrians, cycles, wheeled recreational devices, or mobility devices are restricted to a specific side or part of a path, or where the path is separated for users travelling in different directions, a road controlling authority—

(a) must install signs or markings indicating the nature of the restriction—

(i) at the start of the restricted section of path; and

(ii) after each roadway or any other pathway with which it intersects; and

(b) must install signs or markings advising users that the restriction ends, unless signs or markings are installed to advise of any restriction or who may use any path that continues beyond the end of the restricted or separated section of path; and

(c) may install signs or markings at other intervals along the restricted section of the path.

Clause 11.7 replaced (Manually-controlled stop signs)

Replace clause 11.7 with:

Manually-controlled stop signs

Manually-controlled stop sign—

(a) means a stop sign controlled by a person who—

(i) is at the location where the stop sign is displayed; and

(ii) has direct line of sight of traffic approaching the stop sign; and

(b) includes a hand-held stop sign.

A manually-controlled stop sign, other than a school patrol sign in 8.3(7), 8.3(8), 8.3(9), or 8.4(5)(c)(ii), may be used only—

(a) to control traffic for an activity approved by a road controlling authority under a traffic management plan; or

(b) to control traffic as part of the movement of an overdimension or overweight vehicle that is operating under Land Transport Rule: Vehicle Dimensions and Mass 2016.
11.7(3) The operator of a manually-controlled stop sign must control the approach of the driver of a vehicle by displaying the sign to the driver and keeping the sign displayed so that its wording is clearly visible to the driver and may, at the same time, direct vehicles that are travelling in the opposite direction to proceed.

11.7(4) The reverse side or alternate display of a manually-controlled stop sign may be blank or display either the word “go” or the word “slow”.

2.7 **Clause 11.8 amended (Barrier arms)**

In clause 11.8(b), replace “may” with “must”.

2.8 **Clause 12.4 amended (Types and means of indicating parking restrictions)**

2.8(1) In clause 12.4(5)(a), replace “parking zone defined by 12.4(13)” with “parking zone declared under 12.4(13)”

2.8(2) In clause 12.4(9), after “M3-5,”, insert “M3-6,.”

2.8(3) Replace clause 12.4(13) with:

<table>
<thead>
<tr>
<th>Clause 12.4(13)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A road controlling authority may control the parking of vehicles by declaring an area to be a parking zone that is subject to a parking zone control in accordance with 12.4(13A) and 12.4(13B).</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Clause 12.4(13A)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A road controlling authority must only declare an area to be a parking zone if persons using vehicles could reasonably be expected to be aware of the parking zone control in the area without the need for parking signs at each intersection (if any) within the area, having regard to—</td>
</tr>
</tbody>
</table>

1. the nature of the area; and
2. the nature of the parking zone control; and
3. traffic patterns into and within the area; and
4. the nature and number of entry points to the area; and
5. any other factor present that would influence a reasonable person’s understanding of the parking control in the area.

<table>
<thead>
<tr>
<th>Clause 12.4(13B)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A road controlling authority, when declaring an area to be a parking zone,—</td>
</tr>
</tbody>
</table>

1. may prohibit or restrict parking to a specified class or description of vehicle or road user; and
2. may permit parking within the area subject to payment of a fee, or with a time restriction, or both.
2.8(4)  In clause 12.4(14),—
(a) replace “zone parking restrictions” with “parking zone controls”; and
(b) replace “zone parking area” with “parking zone”.

2.8(5)  In clause 12.4(15), replace “zone parking area” with “parking zone”.

2.9  Clause 12.5 amended (General requirements for signing parking restrictions)

2.9(1)  In clause 12.5(1), replace “zone parking restriction in 12.4(13)” with “parking zone control in a parking zone”.

2.9(2)  In clause 12.5(2), after “loading zone”, insert “(except for a bus stop)”.

2.9(3)  After clause 12.5(2), insert:

12.5(2A) Where a road controlling authority has indicated the extent of a bus stop in accordance with 12.4(4)(a), the road controlling authority may, instead of complying with 12.5(1), indicate that bus stop—

(a) by providing signs as specified in Schedule 1 and, if appropriate, with arrows or supplementary notices, defining their area or time of application—

(i) within the area and close to the end of the area furthest from an approaching driver; and

(ii) at distances of not more than 200 m between any two signs; and

(b) if the bus stop is longer than 30 m in total, by marking on the area of roadway designated as a bus stop the words “BUS STOP” conforming with the specifications in figure M3-2 or M3-2A.

2.9(4)  In clause 12.5(3), revoke “described in 12.4(13)”.

2.9(5)  In clause 12.5(3)(b), replace “zone parking restriction” with “parking zone control in a parking zone”.

2.10  Clause 13.3 replaced (Responsibilities of operators of manually-controlled stop signs)

2.10(1)  Replace clause 13.3 with:

13.3  Responsibilities of operators of manually-controlled stop signs
An operator of a manually-controlled stop sign must comply with 11.7.

2.11 Part 2 amended (Definitions)

2.11(1) In Part 2, revoke the definition of zone parking.

2.11(2) In Part 2, definition of traffic sign, replace “hand-held stop sign” with “manually-controlled stop sign”.

2.11(3) In Part 2, replace the definition of zone restriction with:

zone restriction means an area of roadway the use of which is restricted (with or without a time restriction) to—

(a) a specified class or classes of vehicle; or

(b) a specified class or classes of road user

2.11(4) In Part 2, insert in their appropriate alphabetical order:

bus-only lane means a lane reserved for the use of buses only

heavy vehicle lane means a lane reserved for the use of heavy vehicles by a marking or sign installed—

(a) at the start of the lane; and

(b) at each point at which the lane resumes after an intersection

parking zone control means any control on parking imposed by a road controlling authority when declaring an area to be a parking zone under 12.4(13)

2.12 Schedule 1 amended (Signs)

2.12(1) In Schedule 1, item relating to R1-1 (Standard), in the row relating to Border, replace “red (R) 100 mm” with “red (R) 75 mm”.

2.12(2) In Schedule 1, revoke the item relating to R1-4 (Limited speed zone).

2.12(3) In Schedule 1, item relating to R2-10 (Ramp signal – one vehicle per green each lane or line of traffic), replace the words “Only one vehicle per lane or line of traffic may proceed when the associated signal displays a green disc” with “Only one vehicle per lane or line of traffic may proceed during each green phase of the associated traffic signal displays”.

2.12(4) In Schedule 1, item relating to R4-12.2 (Emergency stopping lane (combination)), replace the words “stopping in an
emergency for use by the class or classes” with “stopping in an emergency and for use by the class or classes”.

2.12(5) In Schedule 1, item relating to R5-7 (Road classification – class C),—

(a) in the row relating to Background, replace “black” with “white (R)”; and

(b) in the item relating to Legend, column relating to Colour, replace “white (R)” with “black” in both places.

2.12(6) In Schedule 1, item relating to R5-7.1 (Road classification – class I),—

(a) in the row relating to “CLASS”, delete “(R)”; and

(b) in the row relating to “I”, delete “(R)”.

2.12(7) In Schedule 1, item relating to R6-1T.2, replace “Time in minutes less than 4 hours” with “Time in minutes up to 4 hours”.

2.12(8) In Schedule 1, item relating to R6-1T.3, replace “Time in hours more than 4 hours but less than 24 hours” with “Time in hours, 4 hours or more, up to 3 days”.

2.12(9) In Schedule 1, item relating to R6-2B, replace the heading “Vehicle class not otherwise described” with “Vehicle class or description not otherwise described”.

2.12(10) In Schedule 1, item relating to R6-2B, replace the words “Only the specific class of vehicle” with “Only the specified class or description of vehicle”.

2.12(11) In Schedule 1, item relating to R6-2B, replace the words “[words describing class]” with “[words describing the vehicle or class of vehicle]”.

2.12(12) In Schedule 1, item relating to R6-2C, replace the heading “Vehicle class (not otherwise described)” with “Vehicle class or description not otherwise described”.

2.12(13) In Schedule 1, item relating to R6-2C, replace the words “the specific class of vehicle described” with “the specified class or description of vehicle”.

2.12(14) In Schedule 1, item relating to R6-2C, replace the words “[words describing class]” with “[words describing the vehicle or class of vehicle]”.

2.12(15) In Schedule 1, item relating to R6-4, replace the words “Zone parking” with “Parking zone”.

Traffic Control Devices Amendment 2019
2.12(16) In Schedule 1, revoke the item relating to W1-1.10 (Road works supplementary – bridge under repair).

2.12(17) In Schedule 1, item relating to W5-1.1 (Exit closed ahead),—

(a) replace “diamond 600 mm square” with “rectangle 1000 x 750 mm”; and

(b) replace “black 15 mm” with “black 25 mm”.

2.12(18) In Schedule 1, replace the following items with the items set out in Part 1 of Schedule 1 of this Rule:

(a) R2-1 (Stop):

(b) R3-13.3 (Truck mounted attenuator display):

(c) R5-9 (Heavy vehicle – bridge limits):

(d) in item R6-2B, the item relating to Small passenger service vehicle (PSV) stand:

(e) in item R6-2C, the item relating to Small PSV parking:

(f) W1-1.1 (Road works supplementary – “Next [distance] km”) to W1-1.13 (Road works supplementary – bridge repairs):

(g) W1-2 (Road works 1 or 2 km):

(h) W1-2B (Road works 1 or 2 km (alternative form)):

(i) W1-3 (Road words – 1 or 2 km delays possible):

(j) W1-4 (Road works supplementary):

(k) W2-1.1 (Hazard warning supplementary - flooding) to W2-1.24 (Hazard warning supplementary – barrier arms not working):

(l) W10-3 (Speed limit ahead):

(m) W14-7.1 (Supplementary – slow when frosty):

(n) W14-7.2 (Supplementary – slow when wet):

(o) W17-6 (Overdimension vehicles – pilot vehicles):

(p) A31-1 (Advance tourist feature adjacent to road):

(q) A32-1 (Tourist feature adjacent to road):

(r) A32-2 (Tourist feature on side road):

(s) A42-2 (Passing bay ‘[distance] m’):

(t) A45-1 (Heavy vehicle bypass ahead [distance] m):

(u) A45-2 (Heavy vehicle bypass direction):
(v) **A45-3 (Stock effluent dump site advisory):**

(w) **A45-4 (Stock effluent direction):**

(x) **A45-5 (Heavy vehicles please no engine brakes next [distance] km).**

2.12(19) In Schedule 1, insert the items set out in Part 2 of Schedule 1 of this Rule in their appropriate alphanumerical order.

2.12(20) In Schedule 1, item relating to **R6-3 (Parking signs – Component 3 – Period of application),** in the table describing periods of application of parking restrictions, after the row describing **“At All Other Times”**, insert the first item set out in Part 3 of Schedule 1 of this Rule.

2.12(21) In Schedule 1, insert the second item set out in Part 3 of Schedule 1 of this Rule at the end of the item relating to **R6-4 (Parking signs – Component 4 – Extent of restriction).**

2.13 **Schedule 2 amended (Markings)**

2.13(1) In Schedule 2, in the heading of the item relating to **M2-3 (Cycle lane symbol),** replace “Cycle lane symbol” with “Symbol for cycle lanes, cycle paths and shared paths”.

2.13(2) In Schedule 2, in the heading of the item relating to **M3-1 (Taxi stand),** replace “Taxi” with “Small passenger service vehicle”.

2.13(3) In Schedule 2, in the heading of the item relating to **M3-1A (Taxi stand alternative),** replace “Taxi” with “Small passenger service vehicle”.

2.13(4) In Schedule 2, item **M6-2.1 – “Give way” word message,** replace “, see 9.4(6)” with “, see 9.4(6), 10.3(2), and 10.4(3)”.

2.13(5) In Schedule 2, insert the items set out in Schedule 2 of this Rule in their appropriate alphabetical order.
## Part 2

### Schedules

#### Schedule 1

**Amendments to Schedule 1 of Land Transport Rule: Traffic Control Devices 2004**

Ref: 2.11(18)-(21)

#### Part 1

**Items replaced in Schedule 1 of Land Transport Rule: Traffic Control Devices 2004**

*Meaning set out in clauses 4.1 and 4.2 of Land Transport (Road User) Rule 2004*

- **Shape and size**: octagon 750 mm wide
- **Background**: red (R)
- **Border**: white (R) 25 mm

Legend

- **“STOP”**: white (R) 220/30.8
Traffic Control Devices Amendment 2019

R3.13.3 Truck mounted attenuator display

The display, installed on a truck equipped with an attenuator used to protect work being conducted on the road immediately beyond the sign, provides warning and indicates which side of the attenuator truck drivers should pass.

Shape and size
rectangle 2200 x 3600 mm

Background
symmetrical chevron with stripes sloping down at 45 degrees to each side, comprised of alternating red (R) and white (R) bands approximately 250 mm wide, measured perpendicular to the stripe. The chevron stripes may be applied only to the outer 500 mm at the top, bottom and sides of the sign and the central, rectangular panel, 1200 x 2600 mm, may be black, grey or white, or may be cut out.

Border
none

<td>R3-13: blue (R) background, white (R) border and arrow</td>
<td>diameter 1500 mm</td>
</tr>
</tbody>
</table>

Operation

Option 1
The two large lights at the top of the sign flash at a pulse rate of between 55 and 75 flashes per minute alternately with the illuminated portion of Display A, B or C, which also flashes at a pulse rate of between 55 and 75 flashes per minute.

Option 2
The large lights remain unlit (or are not fitted) while Display A, B or C is illuminated at a pulse rate of between 55 and 75 flashes per minute.
### R5-9  Heavy vehicle – bridge limits

Restrictions for heavy vehicles on a bridge – axle weight, or gross weight or speed. One “panel” used for each limit and a sign may be comprised of a selection of 1 or 2 or of all 3 panels. Panel 2, relating to gross weight has two options.

Where Option (a) of Panel 2 is used the sign may show any of the figures “30”, “40”, “50”, “60”, “70”, “80” or “90” followed by “% of Class I”, in which case the maximum weight on any 2 or more adjacent axles shall not exceed the stated percentage of the maximum sum of axle mass or the total vehicle mass described in Tables 1.2, 1.3, 1.4 or 1.5 of Part 1 Axle Mass Limits – General Access or Tables 2.1 or 2.2 of Part 2 Total Mass Limits – General Access in Schedule 3 of Land Transport Rule: Vehicle Dimensions and Mass 2016.

**Shape and size**
- Rectangle
  - 900 x 600 mm (one panel)
  - 900 x 750 mm (two panels)
  - 900 x 900 mm (three panels)

W1-1.1  Road works supplementary – “Next [distance] km”
There are road works for the next “[distance] km” ahead. Two options.

Option A
Shape and size  rectangle 900 x 300 mm – supplements W1-1
Background  orange (RF)
Border  black 25 mm
Legend  Description  Colour  Size
“NEXT [distance] km”  black  “NEXT” 100/14, numeral 150/24, “km” Tpt Med ‘x’ height 75 mm

Option B
Shape and size  rectangle 1200 x 450 mm – supplements W1-1B
Background  orange (RF)
Border  black 30 mm
Legend  Description  Colour  Size
“NEXT [distance] km”  black  “NEXT” 125/17.5, numeral 175/28, “km” Tpt Med ‘x’ height 90 mm

W1-1.2  Road works supplementary – new seal
Newly laid road surface. Two options.

Option A
Shape and size  rectangle 900 x 300 mm – supplements W1-1
Background  orange (RF)
Border  black 25 mm
Legend  Description  Colour  Size
“NEW SEAL”  black  120/19.2

Option B
Shape and size  rectangle 1200 x 450 mm – supplements W1-1B
Background  orange (RF)
Border  black 30 mm
Legend  Description  Colour  Size
“NEW SEAL”  black  160/25.6
W1-1.3  Road works supplementary – mobile machinery (1-line)

A mobile machine of the type named is operating beyond the sign. Two options.

Option A
Shape and size  rectangle 900 x 300 mm – supplements W1-1
Background  orange (RF)
Border  black 25 mm
Legend

R4-14  Special vehicle lane – two or more classes of vehicle

The adjacent lane, or lane below, if the sign is installed overhead, is a special vehicle lane reserved for the classes of vehicle shown on the sign.

Note: when the bus symbol is shown on the sign, cycles, mopeds and motorcycles may also use the lane, unless any of those classes is specifically excluded on a supplementary sign.

When “TRANSIT” and the transit symbols are included on the sign, passenger service vehicles, cycles, mopeds, motorcycles and vehicles carrying at least the number of people indicated on the sign may also use the lane, unless any of those classes is specifically excluded on a supplementary sign.

Schedule 2
New items inserted in Schedule 2 of Land Transport Rule: Traffic Control Devices 2004

M2-3C: Cycle path or shared path crossing driveway.

Ref: 11.13(4)

Grid size: 50mm minimum

Note: for a one-way path, either arrow may be omitted and the cycle symbol may be reversed so that the remaining arrow and the cycle symbol indicate the direction of travel.
M2-3D: Cycle path or shared path crossing driveway – alternative for narrow paths.

Grid size: 50mm minimum

Note: for a one-way path, either arrow may be omitted and the cycle symbol may be reversed so that the remaining arrow and the cycle symbol indicate the direction of travel.
M2-3E: Alternative cycle symbol marking for shared paths

*Grid size: 20 mm minimum*

*Note: The cycle symbol may be reversed to indicate the direction of travel.*
