M30 SPECIFICATION AND GUIDELINES FOR ROAD LIGHTING DESIGN

Luminaire Acceptance Process

The M30 specification (refer section 28) references a list of luminaires accepted for installation on the State highway network. The accepted luminaires have been independently assessed against the criteria listed in section 27 of the document. This list is available on the NZTA website: [M30 accepted luminaires list](#).

The Transport Agency’s nominated independent luminaire assessors are:

**Steve Muir** (03 325 7887 or 021 343 662)
muirs@xtra.co.nz
Essential Lighting Consultancy Ltd
506 Boundary Road, RD4
Christchurch 7674

**Andy Collins** (09 355 9524 or 027 237 1181)
andy.collins@opus.co.nz
Opus International Consultants Ltd
P O Box 5848
Auckland 1141

**Laurie Cook** (09 300 9332 or 0275 101 273)
laurie.cook@beca.com
Beca
P O Box 6345, Wellesley Street
Auckland 1141

**John McKensey** (09 414 1004 or 021 613 514)
john.mckensey@ldp.net.nz
LDP Ltd
P O Box 302 545
Auckland 0751

All proponents considering submission of luminaire information for M30 acceptance are advised to contact one of the above assessors prior to submission to ensure the information being submitted is complete and to the required standard.

**There will be charges for the assessment work undertaken by the assessors on your behalf. All charges are the proponent's responsibility. The Transport Agency is not able to assist you with these charges.**

The approval process is as follows:

a) Contact one of the independent assessors above, agree all contractual aspects and prepare a complete submission for assessment (refer section 27 of M30 for information required or request a submission pack from the assessor).

b) Forward information to your chosen independent assessor and address any queries or requests for further information to allow them to complete the assessment.

c) Once your assessment is completed and all payments of independent fees have been received, the independent assessor will forward his recommendation to the National Traffic & Safety Manager, NZTA National Office for confirmation of acceptance.

d) The National Traffic & Safety Manager, NZTA National Office, will write you a letter confirming NZTA acceptance for the installation of your luminaire on the State highway network. You may use this letter as proof of acceptance under the M30 specification until the List of Accepted Luminaires ([M30 accepted luminaires list](#)) on the Transport Agency website is updated with a listing of your product.
